Dear Neighbor:

It has been an honor to serve as your Councilmember during the past four years. I am a 45-year resident of Coronado, and my wife and I raised our family here. I served 10 years active duty in the Navy and retired as a Captain after 20 years in the Naval Reserves, while also pursuing a career at Solar Turbines in San Diego, where I managed budgets in excess of \$100M and departments of more than 100 employees. I have a BS degree from US Naval Academy; a MS degree from MIT; completed the Naval Nuclear Power Program; and trained in 6 Sigma, leading cross-functional teams in process improvement. ***My full employment history is available at www.MikeDonovanCoronado.com.***

As a Councilmember, my main focus has been on improving residential quality of life as it relates to reducing building density; fostering historic preservation; calming traffic, managing tourism while ensuring hometown business success; providing recreational enhancements; and protecting Coronado's natural assets.

During my Council tenure:

- I have served on Council subcommittees to improve the Historic Preservation ordinance; establish a Community Grant policy; and select the City Golf Course food concessionaire.
- I am a member of the City's Audit Committee; Capital Improvement Program Subcommittee; and Coronado Naval Complexes Coordinating Group (Chair). I serve as Council representative to Coronado MainStreet; Coronado Historical Association; and regularly attend Cays Homeowners Association Board meetings. I have also served as liaison to the Cays Grand Caribe Task Force.
- I have been active in setting strategy for addressing the Regional Housing Needs Assessment (RHNA) being imposed on Coronado by the San Diego Association of Governments (SANDAG).
- I also serve on the SANDAG Bayshore Biking Working Group and as an alternate member for the SANDAG Shore line Preservation Working Group; SANDAG Regional Military Working Group; League of California Cities Coastal Cities Working Group; SANDAG Regional Planning Committee; and Metropolitan Transit System Board (MTS).

My attendance at the Council's twice-monthly meetings has been 100%. Although I understand that not everyone will agree with specific positions I have taken, I have always tried to clearly articulate the logic and supporting data behind my positions. ***For a comprehensive summary of my Council voting record during the past four years, please visit www.MikeDonovanCoronado.com.***

I thank you for your past support and look forward to continuing to earn your support in the years ahead.

Sincerely,

Mike Donovan
