CAMP WAMP'S disability & optimism TOUR ACROSS AMERICA!

Who are we ?

We are CAMP WAMP near Lake Tahoe in CA. We're a camp for kids with physical disabilities who come from all over America. Camp Wamp was founded in 2002 by Steve Wampler who himself has cerebral palsy, and uses an electric wheelchair.

We are a 501(C)3 non-profit, and all our campers go to our camp at no cost to their families.

We LOVE this guy!

What are we doing?

Since we cannot have camp this summer (Covid), we are going all over America to celebrate disability and give some really special kids a once-in-a-lifetime experience in 18 American cities! We will be documenting this great story along the way across social media! We will also be in a motorhome & on a mission to find campers for the summer of 2022 at CAMP WAMP!

Come on this great adventure with us!

We need help finding kids!

Do you know a great kid with a disability that we can treat to an absolute once-in-a-lifetime in one of these cities who is between 8-18?

Who will host the road trip across America Camp Wamp?

Our founder's son, Joe, and his four best friends will be the Camp Wamp hosts on our great adventure. They have kind, big hearts, and are great fun. They have grown up going to Camp Wamp, and have a deep love and home-grown understanding of people with disabilities.

They will be traveling in a motorhome to shine the joyful light on these great kiddos, & take us all along to treat them & celebrate them together through social media!

If you want to **fund raise:**

WE WOULD LOVE IT!

We are looking for corporate and individual sponsors as well as kiddos who want to have lemonade stands, and anything and everything in between!

Send pics!

We could post your kindness!
